OVER ONE SCORE LOST

By the Floundering of the River Boat Golconda During a Squall.

LIST OF DROWNED AND MISSING.

It All Happened So Quickly That It Is a Wonder That Any One Escaped—Victims of the Islander Disaster.

Paducah, Ky., Aug. 20.—During a very severe storm the steamboat City of Golconda upset while trying to land at Crowells, six miles from this city. The boat turned over while the passengers were at supper. There were about 60 passengers aboard at the time.

The following is a list of those drowned and missing: Miss Lizzie Graham, Grahamsville, Ky.; Miss Trixie Graham, Grahamsville; Mrs. Charles Davis, Mayfield; Mrs. W. A. Hogan and three children, Paducah, Ky.; Colonel Turner, Smithfield; Charlyan Gordon, Smithfield; Mrs. David Adams, Smithfield; Watts Davis and wife, Livingston; William Webb, Smithfield; Miss Lucy Barrett, Smithfield; Clarence Slayden, Lola; D. Jackson, Golconda; August F. Friepke, Golconda; John Walters, Golconda; Clarence Koker, Golconda; fireman and three colored deckhands; Engineer Hayden and son; Joseph McAlister, St. Louis; two white men, unknown peddlars; Mrs. Hutchinson, Evansville, Ind.; three children, D. Jackson, W. Wood, George Stanberry, Howard Rondo, several colored deckhands.

Captain Jesse Bauer and Pilot E. E. Peck swam to shore and rescued all in sight. Captain Bauer states that when the boat struck there was no time to escape. She went down on her side in 10 feet of water and what few were found struggling in the water clung to a yawl and reached shore. After the wind had subsided the crew rowed to the wreck, but found no one, and of all the women on board only one is known to have been saved. Captain Bauer states that the books will have to be found before it can be determined who and how many are lost.

The City of Golconda plied between this city and Elizabethtown, Ills. She had an unusually good passenger list, as she was the only boat coming down. The ill-fated boat was valued at \$2,500, and had been in the trade several years. Mrs. Hayden, wife of the engineer, was the only woman saved.

Captain Jesse Bauer said: "In my opinion, the people in the cabin were drowned instantly, as I did not hear a scream come from the cabin. Usually in such accidents steamboats will rock back and forth several times before turning over, but the Golconda went over without any of this and it all happened so quickly that it is a wonder why any of us got out alive." The boat is 75 yards from the Kentucky shore in 18 feet of water, headed down stream. It is difficult of access every way and the recovery of the dead bodies is proceeding very slowly.

Miss May Clements, aged 16, of Birdsville, Ky., was among the lost not hitherto reported in the Golconda disaster.

Victims of Islander Disaster.

Vancouver, B. C., Aug. 20.—The steamer Farallon arrived here from Skagway, bringing the remainder of the passengers, who narrowly escaped from the wreck of the Islander. The total number of dead is placed at 42, although the Farallon did not bring an official list of the drowned. According to the statement of passengers arriving, very few people died on board the steamer, but most of them perished in the water and around the rafts and the ship as the latter went down.

Nicaragua Not in It.

San Francisco, Aug. 20.—Chester Donaldson, United States consul at Managua, has arrived here on a two months' leave of absence during which he will visit his old home in New York. Speaking of affairs on the isthmus, he said: "I do not believe that Nicaragua will join forces with Venezuela. The republic is at peace and the revolutionary spirit has died out altogether. President Zelaya rules with a strong hand and has become very popular. He will not allow Nicaragua to become involved in the troubles of the South American states. In his last message to the Nicaragua congress, President Zelaya took a decided stand in favor of having the isthmus canal constructed by the United States. That is the popular sentiment."

Domestic Trouble.

Brussels, Aug. 20.—M. Hyssens, former minister of industry and labor, committed suicide by shooting himself with a revolver in the right temple. Domestic trouble is assigned as the cause for the act.

DRIVING OUT NEGROES.

A Missouri Town in a State of War. Double Lynching.

Springfield, Mo., Aug. 20.—Pierce City, where Will Godley and French Godley were lynched in connection with murder of Miss Casselle Wild, is in the hands of hundreds of armed men who are intent on driving all negroes from town. All negro houses in the city are being fired and one negro, Pete Hampton, is said to have been cremated in his home. The arsenal of the local military company was broken into and the mob is in possession of improved rifles. So much excitement prevails that it is almost impossible to secure a correct story of the situation. Correspondents have left here for the scene.

George Lark, a porter on the St. Louis and San Francisco railroad, whom Godley, before he was shot to death, charged with being Miss Wild's murderer, was arrested in Springfield and is in jail here. Lark declared his innocence and says the man who committed the crime boarded with him and fled. Bloodhounds started at the scene of the murder went at once to Lark's house.

After stringing young Godley up to a pole and riddling his body with bullets, the men went to the house of French Godley, the young man's grandfather and shot him to death. Then they bombarded Ike Carter's house in which were Pete and Robert Hampton, all negroes. Pete Hampton, who was 75 years old, was burned to death. His wife and Robert Hampton escaped through the flames. The mob then marched from place to place burning negro houses and firing into them. The negroes fled in all directions, many taking refuge in the woods, while others are coming as far as Springfield to find places of safety. The officers telephoned to Monett and Aurora, nearby towns, for help.

Weather and Crops.

Washington, Aug. 20.—The weather bureau's weekly summary of crop conditions is as follows: The temperature conditions of the week have been favorable except on the north Pacific coast, where it has been excessively warm. The middle and south Atlantic and east gulf states, including Tennessee, have suffered from heavy rains, the south Atlantic and east gulf states and Tennessee experiencing damaging winds as well as injury from overflows. A very general improvement in the condition of late corn is indicated in the principal corn states. Good rains in Illinois, Indiana and Ohio have improved the outlook, especially in Indiana, but as in other portions of the corn belt the greater part of the early corn has been ruined. The propitious outlook for corn in the middle Atlantic states and New England states continues. The weather is favorable for harvest in all spring wheat sections.

That Santiago Loop.

New York, Aug. 20.—Walter B. Adams of Gloucester, Mass., a seaman who claims to have been stationed at the wheel of the Brooklyn in the battle of Santiago, says that when the Vizcaya pointed her course it was with the evident intention of ramming the Brooklyn. Commandant Hodgkins, the navigating officers, issued the order to put the wheel hard down. This would have thrown the Brooklyn directly towards the Vizcaya. Adams says he understood the order, but involuntarily threw the wheel "hard up," causing the Brooklyn to swing away from the Spanish ship. Noticing his mistake instantly he eased the wheel down and in getting the ship back to her course the loop was formed which Mr. Adams says was not longer than a mile in length.

Hanna to Rest Up.

Cleveland, Aug. 20.—Senator and Mrs. Hanna, accompanied by their two daughters, the Misses Mabel and Ruth, left Cleveland on the steamer Northwest for Hay Lake, near Sault Ste. Marie, Mich., where the family will spend a few days at the Hanna summer cottage. Mr. Hanna will take an active part in the formal opening of the Republican state campaign, which will probably take place at Delaware on September 21. Among the speakers will be Senators Foraker and Hanna, Governor Nash and Hon. Carl L. Nippert, candidate for lieutenant governor.

Pennsylvania Republicans.

Harrisburg, Pa., Aug. 20.—The Republican state convention which meets Wednesday in the Harrisburg opera house will nominate Judge William P. Proctor of Pittsburgh for supreme court judge, and State Representative Frank G. Harris of Clearfield for state treasurer. There are no other candidates and unless there is a decided change of sentiment among the delegates, their nominations will be made by acclamation. The indications are that the convention will dispose of its work in short order and that it will be a quiet and peaceful gathering.

NEIGHBORHOOD NEWS.

Items of Interest Contributed by Our Country Correspondents.

ORANGEBURG, Aug. 19th.—Charles Kennan has returned home from a pleasant visit to his friends in Mayslick.

Miss Della Cady, of the Falls City, the last of the trio of pleasant guests who have been enjoying relaxation from the city's noise and bustle, at Miss Mayme Heflin's hospitable home, returned home on Wednesday last.

Arrangements have been made to have a beef killed every Friday, and the meat sent around by wagons Saturday, thus giving our citizens and adjacent farmers a chance to get fresh meat at least once a week. Messrs. G. H. Turnipseed and Dick Roe are the promoters of this commendable enterprise.

A social was given by our young folks at Mr. Applegate's, on the Dickson pike Thursday evening, and at Mrs. Mattie Roe's, in the "burg," Friday evening.

Paul Glascock, the original and only Mt. Carmel bus driver, has been appointed a delegate to the State Sunday school convention at Danville, and has concluded to adopt a novel and pleasant way of going and returning by driving through with a horse and buggy.

It will not do to be too quick, I do not like to make a fool mistake, or aggravate a person for no reason.

But friend Tom Heflin is again a shaker, for a short season.

Even though he is by faith a Catholic.

Golly blasters, if this ain't a blasted town, I don't want a cent! Collis and Mayhugh are blasting a well, George Seddon is blasting a cistern, and Grant Wilson is blasting a cistern. Dynamite and powder are being used with an abandon that would gladden the hearts of makers of these explosives. The ground is shaking, the trees are quaking, and a fellow has to carry a "histed" umbrella round to keep from being pounded in the ground by the showers of soapstone rocks, etc., that are flying through the air, here and there, everywhere!

Monday, August 12th, we were blessed with a grand rain; a regular old-fashion slow, steady, soaking shower, continuing from 6 p. m. to 6 a. m. It made a very perceptible difference in the tobacco and corn crops, and the farmers hope with an occasional shower to pull out all right yet. So let it be!

THE BLESSING OF THE RAIN.

I was sitting at my door,
Looking out at hill and vale—
Baked and brown, so parched and poor,
Withered by the heated gale.
When a tinkle, tinkle, tinkle,
Sounded on the window pane;
And my eyes began to twinkle—
'Twas the blessing of the rain.
Down it came in chiming cadence,
Vivifying the thirsty earth,
Giving flowers and fields a radiance
That it only can give birth.
And the corn its head uplifted,
And the trees sang a refrain;
And the birds supremely gifted,
Voice the blessing of the rain.
And the thirsty creatures tripping,
O'er the erstwhile heated plain,
Now the moist drops are sipping
From the blessing of the rain.
Then to Him who sits on high,
There arose a glad refrain;
Thankful praise for blessings nigh,
For the sending of the rain.

Mr. John Coulter is having a rack for hitching horses placed in front of his residence, opposite the Christian Church, in anticipation of the projected meeting, which began at that church. This is a good idea, and more citizens near this church should follow his example. It should be arranged so, if possible, that the folks who come by carriage or horseback should have their property where it could be taken care of. There is a gang of alleged toughs in and around the "burg" who take delight in doing damage to carriages, saddles and harness, left unguarded, in a very cowardly manner. One of them some time ago defiled the seats of two carriages so badly that the ladies' dresses and gentleman's clothes were ruined. He was found out, but not punished, being generally regarded as a half-witted nuisance. Horses and buggies have been used to take stolen rides during services, and such a noise made in the neighborhood of the church that services were seriously interrupted. Arrangements have been made to gather in these hoodlums and prosecute them for disturbing religious services and malicious destruction of property. At times a person at the night meeting can scarcely get in the church door for being pulled back by the coat tails by ignoramuses who imagine such tricks are smart. They should be made to smart in a court of justice, and will be hereafter. Several months ago, a quiet peaceable old man, got leave to give an entertainment in the school house. It was to consist of old time songs and music. He distributed bills, lighted the house at his own expense, gathered a small audience, and was not allowed to show, by a lot of loose jointed, shambling wahoos, who threw corn, gravel, mud, etc., into the room until he was obliged to leave. Just imagine what people thought of Orangeburg when he told throughout the country how he was treated here. Such occurrences must be stopped, and if there is no one in authority to attend to these evil doers, some one should be authorized to act.

There is sufficient gas in Orangeburg to light the town and do all the cooking if it could be concentrated into the proper channels.

We were blessed with two fine showers Monday and the farmers are as happy as a mule that's being fed, for they have a right smart prospect now of coming out ahead.

Mrs. Hord is entertaining a pleasant guest, Miss Lulu Hord, of Lewis County, niece of Dr. Hord.

Miss Maggie Heflin and her brothers, Martin and James, paid a social visit to friends and shopping combined last Saturday afternoon.

HELENA STATION, Aug. 20th.—Mrs. Arthur Lawless, of Scott County, is visiting relatives and friends here.

Misses Margaret and Florence Robb spent last week in Carlisle, the guests of Miss Piper.

Misses Jean and Anna Belle Brough were among the campers at Parks Hill last week.

R. M. Wells, of Alabama City, Ala., is expected on a visit next week to his mother, Mrs. Belle Wells. He has been in the South for almost a

year and a half with the Dwight Manufacturing Co. His many friends will be delighted to see him and have him with them again.

Mrs. Early and sister, Mrs. Peed, have returned from Parks Hill, and report an immense crowd present Sunday.

Those from our community who had the pleasure of hearing Rev. Zach Sweeney's lecture on "The Golden Gate," at Parks Hill, were charmed and pronounced him an orator with few equals.

Sixty-five tickets were sold here last Sunday for Parks Hill.

Mr. and Mrs. Hugh Warder were among the number who went to the Elks fair at Lexington Confederate day.

Mr. and Mrs. Russell Warder were visiting Mr. and Mrs. Hugh Warder last week.

Miss Mary Finch is attending the State Sunday school convention at Danville this week.

The cool weather and refreshing showers are much appreciated and have been very beneficial to late corn and tobacco, and also to grass and gardens.

E. R. Davis has a field of corn which he thinks will make twenty-five or thirty bushels to the acre, which is better than most farmers can claim this year, as some fields are good only for fodder.

PLUMVILLE, Aug. 20.—Miss Nannie Bradley aged twenty-nine, died Sunday afternoon at 4 o'clock at the home of her sister, Mrs. D. B. Jenkins, after a few months illness.

Mr. and Mrs. N. B. Rogers visited relatives in Fleming last week.

Farmers are more hopeful since the late rains. Mr. J. L. Crues says he has one hundred and fifty bushels of old corn that love nor money would get.

EAST LIMESTONE, Aug. 20.—The frequent rains since Friday have greatly improved the pastures and late crops.

Charles Sweet is confined to his bed with malarial fever. Dr. Reed is the attending physician.

Miss Lulu Moore and brother, Walter, of Pendleton County, returned to their homes Wednesday after several days visit with relatives.

Mr. Ivin Vermilion, of Germantown, visited friends here several days the past week.

Mr. and Mrs. P. H. O'Neal, of North Fork, visited the family of G. N. Beighle Tuesday of last week.

Mr. W. H. Doyle, a prominent stock dealer of Fleming County, spent Friday and Saturday here with relatives.

Mrs. Samuel Thornton and brother, W. T. McDaniel, of Covington, are visiting the family of Robert H. Williams at present.

Miss Peters, of North Fork, was the guest of Miss Pearl Beighle Sunday.

DIED AT BUFFALO.

Chilean Minister to the United States Passes Away.

Washington, Aug. 20.—The state department is advised by telegraph of the death of Senor Don Carlos Morla Vicuna, minister from Chile to the United States, which occurred at Buffalo Tuesday morning. Senor Vicuna was one of the best known South American statesmen. Minister Vicuna went to Buffalo from Washington July 18, to attend the ceremonies incident upon the formal opening of the Chilean building at the Pan-American exposition. He took to bed the day after his arrival, the result of a cold contracted on the journey. This developed into pneumonia.

Senor Vicuna came to Washington about three years ago, succeeding Minister Gana, who was transferred to London. The Vicunas have been prominent in South American affairs and the minister soon endeared himself to the officials and diplomats in Washington by his charming personality and his ability. He was accompanied by his wife and family, who have been an interesting acquisition to diplomatic circles.

Schley Makes Ready.

Washington, Aug. 20.—The acting secretary of the navy, Mr. Hackett, had on his desk the letter from Admiral Schley's counsel relative to a reported interview by Admiral Howison, one of the members of the court of inquiry. Beyond admitting that the letter had been received, Mr. Hackett would not discuss it in any way. It is the general expectation, however, that the letter will be forwarded to Admiral Howison with a request for a reply. Captain Parker, one of Admiral Schley's counsel, held a brief conference with Mr. Hackett during the morning. A formal request for a list of witnesses to be summoned by the judge advocate was made by Admiral Schley's counsel. The request will be complied with as soon as practicable.

Work of a Cloudburst.

York, Pa., Aug. 20.—The floods resulting from a cloudburst have proved the most destructive in York county for many years. Estimates place the loss at over \$100,000. At Glen Rock, on the Northern Central railway, every factory was inundated and numerous stores and dwellings were submerged. The loss there is estimated at \$25,000. Traffic on the Northern Central railway was suspended. At York Haven, the Susquehanna river rose six feet and destroyed the cofferdam constructed by the York Haven Power company. The loss there is estimated at \$18,000. Hundreds of small bridges have been washed away and fields of growing crops are laid waste.

In a freight wreck on the Pittsburgh and Western railroad near Moravia, fireman Philip Powell of Canton, O., was killed, and brakeman W. S. McCurdy probably fatally hurt. Engineer Millard of Bennett was seriously hurt.

ACRES OF BURNING OIL

Lightning Fires a Tank at a Big Plant and Flames Spread Rapidly.

EXPLOSION OF BENZINE FOLLOWS.

Five Persons, Including Four Firemen, Killed, and Many Others Burned—Chapter of Fatal Accidents.

Philadelphia, Aug. 20.—Five persons are known to have been killed by the explosion of the big benzine tank at the Atlantic Refining company's oil works at Point Breeze. The dead are: John McCullen, engine company 49; James Ealls, engine company 49; John Dougherty, truck company No. 9, and a fireman and an employee of the refining company, too badly burned to be recognized.

When the explosion occurred, the firemen of engine company 49 and employees of the Atlantic Refining company, in all about 50 men, were at work in the pumping house drawing off oil from the burning tanks. The flames shot high in the air and the pumping house was almost completely demolished. The firemen who had been playing streams on the other tanks then directed their attention to the rescue of the men who had been imprisoned in the pumping house. It was nearly an hour before the men could be reached.

None of the 17 injured men taken to the hospital is seriously injured. They were suffering chiefly from burns and bruises and after having their wounds dressed nearly all were able to leave the hospitals. The pumping house where the explosion occurred was midway between two rows of burning tanks and the firemen were endeavoring to confine the flames to one row by drawing off the oil at the time of the explosion.

There are 100 tanks in the big oil plant and more than a dozen of them were on fire. At the time of the explosion, the wind was blowing strong from the east and carrying the flames directly toward the other tanks. The fire burned for 12 hours. Lightning started the blaze.

The officials of the company refuse to give any estimate of the loss. Those in position to know estimate it at from \$500,000 to \$1,000,000. As the Standard Oil company, which controls the Atlantic Refining company, does its own insuring, the loss will fall on the insurance fund of that concern.

Explosion and Fire.

Little Falls, N. Y., Aug. 20.—The bodies of all the victims of the Herkimer roundhouse explosion have been identified. The names are John Deck, Levi Gilbert, Lewis Jackson, Harry Stansel, James Nagle, Joseph Keller. Stansel was a student at Syracuse university, taking a course of architecture. Johnson, Keller and Nagle were laborers. They lived near the scene of the fatality. The roundhouse took fire and while citizens were battling with flames a quantity of dynamite, stored in the building, exploded.

Gas Wrecks a House.

Ft. Wayne, Ind., Aug. 20.—There was an explosion of gas in the residence of Edward Dowenthal which wrecked the house and seriously injured three persons. Mr. Dowenthal was blown bodily through a closed door into the dining room. She was terribly burned and sustained such severe bruises that she will probably die. Mr. Dowenthal was badly burned about the face and hands. Eli Strayer was hurled through an open door into the yard and was also burned.

Double Accident.

Wilmington, Del., Aug. 20.—Harry Johnson, colored, a driver of a coal wagon, while passing along Clayton street, raised his arm to brush away a wire that was hanging in the street. It was a "live" wire and Johnson was instantly killed. The Phoenix ambulance was called to attend Johnson, and while responding was struck by a trolley car and the four men comprising the ambulance corps were badly hurt.

Shell Exploded.

Junction City, Kan., Aug. 20.—While at target practice on Fort Riley reservation, half a mile north of this city, a 7-inch 107-pound shell exploded as it was being placed in the breech of the third section gun of siege battery O, Seventh artillery, commanded by Captain Van Dusen. One private soldier was killed, a few fatally and a dozen seriously injured.

Hay to Go to Canton.

Washington, Aug. 20.—Secretary Hay will leave for Canton for a general conference with the president on the subjects which have engaged attention of late. The length of his stay is not certain, but he probably will return to Washington before going back to his summer home at Newbury, N. H.

FOR COMMISSIONER OF AGRICULTURE.

LANCASTER, Ky., August 19.—Dr. Frazee, of Maysville, who is visiting relatives here, has announced his intention of being a Democratic candidate for Commissioner of Agriculture.

Dr. Frazee was a candidate in 1899 for Commissioner of Agriculture, but was defeated for the nomination by the present incumbent Col. I. B. Nail. The final vote was very close, demonstrating the Doctor's popularity among the Democrats of Kentucky. With his experience in that campaign, and with the host of friends he made during his former canvass, Dr. Frazee will prove a much stronger candidate than he did two years ago. That he is eminently well qualified for the position, is recognized by his friends throughout the State.

A negro who has been loafing about the fair ground some time became a little too officious Monday afternoon and when called down by Mr. A. W. Thompson, who is training a number of horses there, applied a vile epithet to Mr. Thompson and was promptly knocked out. That evening the negro returned with some of his friends, and watching his opportunity, went to Mr. Thompson with a dray-pin. The latter fortunately had armed himself and opened out on the gang, firing several shots, but without wounding any of them, as they beat a hasty retreat when the gun was brought into play.

Mrs. Mary A. Worthington.

(A tribute to a friend by a friend)

As the wheels of time revolve and record the death of friends, it is with sadness and sincere sorrow that I recall the separation from this noble specimen of true womanhood. As a wife and mother her devotion possessed all the elements of love and sincerity. As a friend, she demonstrated one of the highest attributes of human character, to be true to friends. In the pathway of life, it was with pleasure that she could at any time administer to the comforts of the sick or suffering and of those in sorrow. Her nobility of character in all the relations of life sustained the highest dignity and admiration. Her complete resignation showed the strength of her faith and the brightness of her hope, which was characterized and distinguished her as a Christian. Having known her intimately and being with her in her last moments, and in each and every moment, I feel there was something to admire and appreciate. Her unselfish nature was prominent and pathetic, always thinking of some one to bestow kindness, love, affection and friendship upon, and never happier than when she was bestowing some kind attention or loving deed on some one. In the book of life there is certainly a beautiful thought, to think of such a life being closed, but our Heavenly Father knows best, and we must submit to the inevitable and be resigned to the separation of our loved ones and friends. E. J. A.

What a Tale It Tells.

CROP PROSPECTS IMPROVED.

Outlook Quite Favorable for the Late Corn and Tobacco Since the Rain Set In.

(Weekly Bulletin of the Weather Bureau, Aug. 20th.)

The severe drouth was broken throughout the State during the week, except in the extreme northern counties from Breckinridge to Campbell, and in these the situation was relieved to quite an extent at the last of the week.

The early corn was, in most sections, past recovery, but the later planted shows a wonderful improvement, and with favorable weather in the future, will produce much more than was expected.

The greatest improvement is in tobacco. The dark tobacco in the western portion of the State is quite promising. In the burley districts in the north-central counties it has suffered very severely from the drouth and will probably be very light, but in the new burley districts in the central portion of the State the outlook is quite favorable.

Gardens are about ruined and Irish potatoes and fruit are generally poor.

Pastures are improving rapidly. Stock peas are doing well and will largely increase the amount of forage.

Turnips are being sown very extensively.

Plowing for winter wheat is progressing.

CINCINNATI TOBACCO MARKET.

Very Little Change To Note—Offerings Continue Small and Receipts Light.

	1901.	1900.
Offerings	646	1,628
Rejections	99	374
Actual sales	556	1,254
Per cent. rejections	14	23
Receipts	1,491	1,977

There is very little change to note in the market, which has continued firm and active since last report. The volume of business has not increased, offerings continuing of almost insignificant proportions. Receipts are also light, though two and a half times as large as the sales, stocks showing a net increase of 955 bbls. for the week.

The character of the tobaccos on sale was a considerable improvement over the previous week—that is, there was a larger proportion of good tobacco, and the average price realized was comparatively high.

Prices have held up well, though there has been some irregularity at times on grades selling above \$10. Free rejections of bids not up to quotations, however, checked any tendency to lower prices on such.

Common and low grades, with good color, and red tips have continued very strong, and color hogheads of all grades never fail to meet with active competition. Some medium grades have sold particularly well this week, and it is thought there has been a substantial advance on such.

The drouth has been pretty effectually broken in some burley counties, notably in Mason, and others have had more or less rain. Some sections, however, are still very dry, either having had no rain since early in July, or none of consequence.

Where sufficient rain has fallen conditions have greatly improved, and at least a moderate yield may now be looked for. Elsewhere, however, conditions necessarily grow worse day by day, and it is now so late that it is not very probable that the rains, when they do come, can make more than a fraction of a crop possible in these dry sections. So, on the whole, while the outlook has improved, it still by no means a rosy one.

The 646 bbls. offered averaged \$9.08 per 100 pounds, as against \$7.86 for the 622 bbls. for the previous week, and \$7.97 for the 1,628 bbls. for the corresponding week of last year.

Strictly pure Paris green that is guaranteed, for sale at Chenoweth's drug store.

Umbrella

TALK

A factory representative approached us with an Umbrella proposition. It was late for one season, too early for the next. To use surplus stocks a special price was offered provided the umbrellas were bought in quantity—200 was the number named. We hesitated; 200 umbrellas added to our present large stock was a big consideration. But samples were produced—the hesitation vanished like mist before the sun.

You know the umbrellas we've been selling for \$3? Yes, even yesterday. To-day we have positively the same value for \$1.50. We don't know how the manufacturer squares the equation and we don't care. It's not our loss. We're making a legitimate profit and advertising ourselves in the best possible way by giving you the umbrella bargain of your life. And don't forget while the umbrellas are cheap, very cheap, like everything else here they had to be something more than cheap, first.

Best Carola Black Silk with case and tassel. Handles are genuine French Horn, Dresden, Pearl, Ivory, Arabian Vine, Madagascars—with and without sterling trimmings. Crooks, oblongs and twists. All are the favored size—20 inch.

Umbrellas for rain or shine. Umbrellas we guarantee against anything—except getting lost.

Was overheard last Monday night as a man was passing the

5 and 10c. Store

just as the town clock was striking fifteen minutes past 2. Everything was still as death. There was a mighty uproar in the tin department, when a tin cup raised shrieking, trembling and exclaiming that their kind was to be sold for 5c. Boasting the table oilcloth was heard in a loud voice saying, I am 1 1/2 yards wide and thirty-six inches long and of the finest grade and I am to be sold for only 10c. Carpet tacks were next heard from. There are 30 of us and our points are of sharpened steel and our heads can be hammered for only 5c. Rubber collars were heard from next, in a low voice saying, "You can launder me in a bowl with soap and water and I will go around your rubber neck for only 25 cents." Silver tea spoons were heard in a silver tongue, "There are only six of us, just one half dozen; we shine and shine beautiful to behold. We are guaranteed to last a lifetime. We are to be sacrificed for only 50c." There was a great uproar heard in rug, straw matting, china, glass, hosiery, linen and gents furnishing goods department. This man thr-ted away silently, but knowingly, that on account of space we could not tell you what they had to say, but the goods talk for themselves at the 5 and 10 cent store, 45 West Second St., Maysville, Ky.

THE BEE HIVE

The Great Sale Continues

With unabated vigor, scattering its benefactions among the homes of the masses. The public has advertised this great sale for us. The talk of the money savings on choice merchandise have been echoed and re-echoed the country around. True there all times better and bigger bargains to be found here than elsewhere, but in this sale prices are remarkably low—phenomenally low.

AMONG THE MYRIAD OF BARGAINS ARE:

"Royal" Shirt Waists, white and colored, your choice of any we have in stock at 69c., former price \$1.39, \$1.49, \$1.98.
"Monitor" Waists for Boys. A good 50c. Boys' Waist now marked 29c.
Odds and ends of Ladies' Belts at clearing prices.

SILKS! SILKS! SILKS! Fancy patterns and elegant qualities. While the lot lasts we shall sell the \$1 kind at 79c. and the 89c. kind at 63c. A very good black Taffeta goes at 59c., well worth 89c.
Lawn, Hose, Carriage Robes, Notions, Percales, Underwear, etc., are still going at ridiculous prices.

OUR FELT HATS HAVE ARRIVED,

And a beautiful line they are, embracing all fashionable styles and marked with unfashionable prices. Greys, tans, blacks, blues—all the prevailing shades—98c., \$1.19, \$1.49, \$1.75, \$1.98, \$2.25.

Rev. Dr. Forman, missionary to India, will speak at the prayer meeting at Central Presbyterian Church to-night at 7:30 o'clock on India and conditions in that far-off land. Dr. Forman is a very interesting speaker and all are invited to hear him.

Reuben Stockdale was cut in the arm and slightly wounded last night during a quarrel in the Fifth ward. Carl Dora, Bob Stevens and a man named Duzan were mixed up in the affair, but who did the cutting was not learned. The case will be investigated in the Police Court this afternoon.

Dr. Taulbee operated successfully yesterday upon the case of Mrs. A. Brittingham, of Aberdeen, who has been a sufferer for a long time. The patient rallied well, and is resting quietly to-day. Though here but a short time, Dr. Taulbee has amply confirmed his reputation as a surgeon of judgment and skill.

No drinking, or gambling, or anything immoral, but a good old fashioned agricultural fair—the Germantown fair. Bring the children, too, and let them see the fine exhibition of stock, and the royal Roman hippodrome, the finest aggregation of educated horses in the world. Four days of solid enjoyment at the Germantown fair Aug. 28th-31st.

The Germantown Fair has secured this year the acknowledged best attraction on the road in Cook's Royal Roman Hippodrome. This consists of ten distinct acts, such as chariot races, bucking bronco, standing jockey race, &c. Fifteen educated horses required to perform these acts. Absolutely free every day at the Germantown fair, August 28th, 29th, 30th and 31st.

Astounded the Editor.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters, which helped her at once, and after using four bottles, she is entirely well,—can eat anything. It's a great tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive, guaranteed cure. Only 50c. at J. Jas. Wood & Son's drug store.

Mr. Ben Marshall, of Washington, is ill with typhoid fever.

The Grand Lodge Knights of Pythias will meet at Owensboro October 22nd.

They Struck it Rich.

It was a grand thing for this community that such an enterprising firm as J. Jas. Wood & Son secured the agency for Dr. King's New Discovery for consumption, the wonderful remedy that has startled the world by its marvelous cures. The furor of enthusiasm over it has boomed their business, as the demand for it is immense. They give free trial bottles to sufferers, and positively guarantee it to cure coughs, colds, bronchitis, asthma, croup and all throat and lung troubles. A trial proves its merit. Price 50c. and \$1.

The carpenters, painters and paper hangers are making some needed repairs to our store. They have rush orders and expect to complete the work inside of six days. When through, we hope to have the nicest Shoe Store in town, and shortly will begin to receive the finest line of Fall Footwear ever brought to Maysville.

Making these improvements will not interfere with our trade, however, and purchasers will find extra inducements here the next few days, especially in Low Shoes and Oxfords, as we are anxious to close out these lines to make room for new goods.

BARKLEY'S

FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.
Mrs. MARGARET FORD.

You Will Miss It IF YOU MISS IT!

Meaning, of course, the wonderful, amazing, interesting attractions offered visitors to the coming Maysville Elks Fair.

You will also "miss it" should you allow the opportunity to pass of buying **AMERICAN WOVEN WIRE FIELD FENCE** at present prices.

A continuance of the great strike among the steel and iron workers can have but one result on the market—a stiffening of prices on the finished product.

Come quick and buy your Field Fence while it may be obtained at the old figures, which we promise only while the present invoice lasts.
